Subject: RE: Excelsior UIC application work

It's hard to locate information in the application without a comprehensive table of contents.

I think it's fine if we are discussing the materials under the current TDM. But, I think we may need more consultation with Jim than what's covered in the current TDM. The applicant has had a lot of push back on the issues in the current submittal. I can discuss it with you and Kate later as the need arises.

Thanks, Nancy

Hi Nancy,

I do not really understand what you are asking. I expect there are upcoming discussions that you/we will be having with Cadmus/Jim as they provide their next deliverable. Are you saying that there is separate consultation that you need to have with Cadmus that can't be part of that discussion? Not sure of the relevance of the app not having an index. Please clarify. Thanks.

Hi Kate and David,

I would like to consult Cadmus (Jim) about the Excelsior application materials. I would like an additional TDM for consultation. Is this ok? The application does not have an overall index.

Thanks, Nancy
